Great Britain Declares War on Turkey; Island of Cyprus Is Formally Annexed; Porte Has Big Army on Caucasian Front

In the above map is shown the Caucasus region, where the hostilities have opened between the Russians and the Turks. The places underlined are the more important points mentioned in the Russian official statement.

The Russian Foreign office announces that a Russian column attacked the Turks near Ardost and that the Turks fled, abandoning their wounded. The Russians, advancing across the line into Turkish Armenia, dislodged the Turks in the village of Id, which is about sixty miles west of Kare, bent.

Another Russian column encountered the Myssoune and Diyadin, two points about thirty of Bayazid, the capital of the Sanjak of Bayazid, sians dispersed a large body of Turks and occupie where they took munitions of war and made man afterward occupied Bayazid, where Turkish tr had made a strong resistance were routed.
